

## Farmhouse Cabinet

Connie Reagan

Saturday 10:00 – 1:00

This farmhouse cabinet is a copy of a real life one I came across. It is made out of basswood and cherry and the etched text can be customized if you contact me in advance. Some accessory kits will be included. This one is all about assembly and imagination. Questions/custom requests: [Grandgirlminis@gmail.com](mailto:Grandgirlminis@gmail.com)
